COMPENSATION AND EXPENSES

Transition of Teachers to the New Salary Scale for the 2021-2022 School Year

The parties are transitioning to a new salary schedule in the 2021-2022 school year with flat dollar increases between rolls of \$1,000. The reasons for the creation of the new salary schedule is two-fold:

- (1) The parties are trying to get closer to the \$40,000 minimum starting salary required by I.C. 20-28-9-1.5 beginning June 30, 2022; and
- (2) to allow teachers currently employed by the School Corporation to receive a salary adjustment in comparison to starting base salaries of new teachers to achieve a teacher retention catch-up due to multiple prior years of veteran teacher salaries being frozen due to lack of funding. This section is intended to describe the placement of teachers into the new 2021-2022 salary schedule in Appendix A.

Eligible teachers will be placed in the new 2021-2022 salary schedule at a salary amount that is the next salary amount higher than their 2020-2021 salary schedule placement. The new salary placement for each teacher results in a salary increase differential that ranges from \$1500 and \$6500 as bargained by the parties. Although the new placement results in salary increase differentials, the placement for each teacher is necessary to try to catch-up these teachers to salaries that are closer to what their salaries would otherwise have been but for the prior years' salary freezes.

- A. 1. The 2021-2022 school year compensation plan is set forth in Appendix A, with the rules governing the placement of teachers for is set forth in Article II, section A, number 4 below.
2. Eligibility Criteria:
- a. In accordance with Indiana law, no teacher shall ever be eligible to earn a base salary increase if the teacher receives an evaluation rating of needs improvement or ineffective during the preceding school year. In other words, a teacher rated ineffective or improvement necessary will remain frozen at his/her 2020-2021 base salary.
 - b. The teacher must have been employed for at least 120 days by the North Vermillion School Corporation during the prior school year.
3. Factors and Definitions:
- a. EVALUATION: The teacher was evaluated as highly effective or effective in the prior school year.
 - b. EXPERIENCE: The teacher was employed for at least 120 days by the North Vermillion School Corporation during the prior school year and returns to employment with the North Vermillion School Corporation in the current school year.
 - c. MEETING ACADEMIC NEEDS OF STUDENTS: The need to retain and catch-up veteran teachers who are deemed to be important to the School Corporation to ensure educational continuity for students.
4. Distribution: Amounts to be added to a teacher's base salary:
- EVALUATION = \$750.00
 - EXPERIENCE = \$750.00 (The amount attributed to this factor does not exceed 50% of the teacher's total base salary increase.

- MEETING ACADEMIC NEEDS – The salary increase differentials for this factor are based upon a salary retention catch-up.¹ The salary increase for meeting academic needs will be differentiated by teacher and may range between \$1500 to \$6,500 as determined through bargaining.

In the transition, the minimum base salary increase a teacher will receive is \$1,500. There will be no additional salary increases for the 2021-2022 school year above those granted through the transition to the new 2021-2022 salary schedule as described above.

Any teacher who did not qualify for a salary increase due to I.C. 20-28-9-1.5(c) and (d) shall have their total expected entitlement divided equally amongst all teachers who did qualify for an increase in the 2021-2022 school year. This amount shall be given to said teachers in the form of a stipend no later than June 30, 2022.

For the 2021-2022 School Year: Teachers on leave at the beginning of the school year (August 10, 2021) will not move up the salary schedule until returning to their full-time position, pay will not be retroactive for these teachers; however, their “new rate,” will begin on the first date of returning to work.

New hires for 2021-2022 will be placed on the new salary schedule nearest, but not below the rate that they were approved.

The range of salaries prior to base salary increases being applied is \$36,500 to \$65,500. The range of salaries after base salaries increases are applied will be \$38,000 - \$67,000.
